Speculative	Open	SO	MBLL

## TASTING NOTES

Colour: Deep, dark red with a magenta hue.

Aroma: This wine is layered on the nose with blackberry, licorice, violet, bitter chocolate and spices.

Taste: The flavours are rich with layered fig paste, plums, cassis and blackberry fruit. Subtle French oak flavours are well balanced and fully integrated through the mid-palate and well into the finish, which is long and round.

Food: Pairs well with steak, cassoulet, duck, venison and other hearty fare.

## AWARDS & ACCOLADES

2021 ~ 93 Points. "A structured and juicy malbec that shows nicely baked, smoky cherries, violets, grilled spices and dried herbs. Quite succulent and vibrant on the tight, full-bodied palate. Full of fruit in the finish. Tannins are firm but digestible. Vegan. Drinkable now, but better from 2025." - James Suckling, Mar/2023

2021 ~ 93 Points. "Thibaut Delmotte makes this Salta Malbec with grapes from four different altitudes, producing something that is more than the sum of its parts. Complex, dense and broadshouldered, it has damson and blueberry fruit intensity, scented, spicy oak and plush, palate-caressing tannins." - Tim Atkin MW, Argentina Special Report 2023

2021 ~ 92 Points. "The 2021 Malbec Colomé Estate, sourced from multiple vineyards in the Calchaquí Valley, aged for 15 months in barrels (25% new). This dark purple wine presents aromas of blackberry and blueberry, accompanied by chutney and marmalade notes against an oaky backdrop. Rich, intense and juicy, the fairly tannic palate lingers with black fruit-driven flavors. This is a long-lasting and powerful Calchaquí Malbec." - Joaquín Hidalgo - Antonio Galloni's Vinous, Nov/2023

2021 ~ 90 Points. "Leads with concentrated aromas and flavors of violet and berries, with a sublayer of loam and cocoa bean. Ends with a tinge of fresh peppercorn and spices around broad tannins. Drink now." - Wine Spectator, Aug/2023

## OTHER INFO

The Colomé Malbec is produced mainly from pre-phylloxera vines planted in 1854. Bodega Colomé vineyards are bio-dynamically and sustainably farmed at an altitude of 5,500 to 8,500 feet and are believed to be the highest vineyards in the world. The sandy and alluvial soils yield small crops and produce deeply colored and concentrated wines which capture the should of this distinct terroir. Vegan.
